Government

About Me

Hello all. I have created this profile for myself. I am a teacher (government servant) in IKBN Jitra. I am basically from Kulim. If I am matched, I am willing to apply transfer following my future husband. I believe that good communication and being loyal is one of the important value in a good marriage. Recently, my dad passed away and mom is a housewife. I have an eldest brother who is already married and 2 younger sisters. I am the 2nd child. In terms of careers, I believe that my partner and I should work & keep both salary individually. Your salary is yours and my salary is mine. If the relationship works well, we should be able to discuss & pay the commitments accordingly by communicating. Talking about our characters, all of us have different characteristics. As usual, we are not God or some kind of Guru to accept that we are a complete person. All of us have some kind of flaws. Accepting our weakness and flaws (both me & my future partner), would be a better choice instead of correcting each other. We can't expect a 100% pure partner. Last but not least, I hold honesty, trust, and genuine communication in high regard. I believe that a strong and lasting connection is built upon a foundation of mutual understanding, respect, and support where we can grow together as individuals and as a couple. Thank you.
